

# SALARIES PAID FROM STRIKE FUND

**Allegation That Contributions Sent to Lawrence Have Been Used For Etor's Board and Private Expenses—Contributors to Fund Petition For Injunction and Ask For Appointment of Receiver to Take Charge of It.**

Boston, March 11.—Joseph J. Etor, William D. Haywood, William Yates and William Trautman, leaders of the Lawrence strike, and Joseph Bedard and James Sheehan, members of the strikers' finance committee, have been ordered to show cause why an injunction should not be issued preventing them from further distribution of relief funds and a receiver be named to take charge of the matter. Judge Hammond in the supreme judicial court today issued an order of notice in the case which is returnable Friday.

**Charge Fund Not Properly Handled.**

Contributors to the fund who believe that the money has not been properly handled, induced Attorney General Swift to permit his name to appear on an information which was filed in the supreme court today. The information names as relators James M. Prendergast, the Rev. Herbert S. Johnson and Robert A. Wood, all of Boston, and all contributors to the fund.

**Salaries Paid From Fund.**

The plaintiffs allege that the defendants conspired together and have used substantial portions of the fund for purposes entirely different from what was intended; that the fund has, in part at least, been improperly used for private and personal benefit of the defendants and their associates; that the defendants, or some of them, have drawn sums as salaries, a purpose for which they had no right to use the fund; that substantial amounts have been contributed for the board and private expenses of the defendants; Etor: large sums paid for the transportation to New York and other cities of the children for the purpose of including the public more liberally to swell the fund; that large sums have been paid to counsel for defending Etor; and other large amounts turned over to the Industrial Workers of the World.

**Want Receiver Appointed.**

The plaintiffs say that they have been unable to get the defendants to

disclose the exact nature of the expenditures and so ask that the defendants be restrained from drawing any more money from the Lawrence Trust company; that a receiver be appointed to take charge of the fund and in the direction of the court to distribute it in the way intended by the contributors; and that the defendants be compelled to restore all sums improperly appropriated by them.

**RAISE FOR 150,000.**  
If Advance Becomes General In New England over 250,000 Will Benefit.

Boston, March 11.—It was estimated tonight that 150,000 cotton and woolen mill operatives in northern New England would share in an advance in wages of at least five per cent. before April 1. Advances received here indicate that manufacturers in Fall River and elsewhere in northern New England are considering the advisability of meeting the increase decided upon by mills having their head offices in Boston. Should the 10,000 operatives in Fall River and a like number in New Bedford be given higher wages, manufacturers in other southern New England points feel that it would be policy for them to take similar action.

An advance in all New England textile districts would directly affect from 250,000 to 300,000 persons. In New Bedford the textile council held a meeting tonight to consider a plan of communicating with the manufacturers association regarding higher pay. Otis N. Pierce, president of the association, expressed his personal opinion that the fine goods market was not a basis sufficiently firm to warrant an advance at this time.

Notices of a five percent wage raise were posted today in Maine and New Hampshire cotton mills employing 35,000 hands, the increase dating from today. Mills in various Massachusetts towns advanced the pay of about 11,000 employees.

for an electric light on Ash street, signed by Frederick Hornberger and others, was referred to the light committee for investigation and report. A resolution was adopted authorizing the mayor to borrow \$5,000, as is needed, to defray the city's expenses. A resolution empowering the street committee to advertise for bids on the city's teaming, was adopted. The mayor read a brief statement relative to the precautionary measures that he had taken to maintain a strict quarantine in the three smallpox cases. A resolution was adopted, ratifying his action in the matter. The mayor spoke of the interest that the property owners were taking in the matter of new sidewalks, as shown by the number of applications received. The report of the street committee relative to the establishing of lines and grades on upper High street, with recommendations, was accepted and a resolution authorizing the same was adopted. The library committee was appointed to purchase books to the value of \$100 and this sum was appropriated for the purpose. The report of the water committee regarding the extension of the water main on North street was accepted and a resolution authorizing its construction to a distance of about 2,500 feet was adopted. The report of the street committee relative to the laying out of Capen's lane as a street, with recommendations, was accepted and the committee authorized to employ the city engineer and have the work done. The claims committee reported unfavorably upon the claim of A. W. Turner, recommending that the claim be not paid, as the city was not liable. A petition for a sewer on Mansfield avenue was referred to the sewer committee for investigation and report. A resolution was adopted that the matter of the extension of Valley street be referred to the street committee for investigation and report. The current monthly bills were ordered paid as read. A resolution was adopted providing for the making of a contract for the construction of a sidewalk for the causing of a sidewalk. The water committee was authorized to replace or repair the cog wheel near the pumping station, at an expense not to exceed \$200. A resolution was adopted, ratifying the water committee's action on the laying out of the frozen water pipes recently, saving the city the expenditure of a larger sum.

## Charged With Theft.

Monday evening at 11 o'clock, Officers Louis Paulhus and Allan McArthur arrested Wilfred Liberty, about 20, in a house on Jackson place for the theft of \$450, taken from beneath a pitcher at the home of Gideon Lavigne, of 23 Jackson place, some time Sunday. Liberty admitted the theft. He will be arraigned in police court this (Tuesday) morning.

Norwalk.—Samuel Levy, a South Norwalk infant, swallowed the main-spring of a watch and soon was black in the face and unconscious. A doctor succeeded in pulling out several feet of the delicate steel band and thus saved the child's life.

Borough Needs Fire Districts and Definite System of Alarms—Briefs and Personal.

Some method should be established whereby, when the fire alarm sounds, especially in the dead of night, firemen who reside in different parts of the borough may be notified in what locality the fire is. The early Sunday morning fire in the Goldberg block might easily have been a bad one had it happened two hours later.

As it was, many of the firemen went to the hose house when first awakened by the bells. They found the jumper zone and no way of telling where the fire was located. This has been the case many times.

It has been suggested that the borough be divided into five or seven districts, then when people have been awakened in the night by the general alarm on the bells they can hear the number struck on the Baptist bell, or better, given by a powerful whistle.

An annunciator system operated electrically from boxes about the borough, that would drop a number in the hose house could be easily and reasonably installed. Then when the firemen went for apparatus the number down would tell the story.

Some time a disastrous fire may be the penalty for neglecting to do something definite in this line.

# WE INVITE EVERY THIN MAN AND WOMAN HERE

EVERY PERSON IN NORWICH AND VICINITY TO GET FAT AT OUR EXPENSE

Don't Be "The Skeleton at the Feast" Sargol Makes Plump and Popular.

This is an invitation that no thin man or woman can afford to ignore. We'll tell you why. We are going to give you a wonderful discovery that helps digest the foods you eat—that puts good, solid flesh on people who are thin and underweight, no matter what the cause may be—that makes brains clear, nerves strong and blood pure—that puts the red corpuscles in the blood, vitalizes every thin person, and makes an old man or woman as young as a child. We will tell you. Sargol has discovered a remarkable concentrated treatment which increases cell growth, the very substance of which our bodies are made—a treatment that makes indigestion and other stomach troubles disappear as if by magic and makes an old man or woman as young as a child. This new treatment, which has proved a boon to every thin person, is called Sargol. Don't forget the name—SARGOL—G-L-L. Nothing like it has ever been produced before. It is a treatise to women who have been unable to appear stylish in anything they wear because of their thinness. It is a godsend to every man who is underweight or is failing to give form or energy. If you want a beautiful and well-rounded figure of monumental proportions, at which you can feel twice proud—if you want a body full of throbbing life and energy, write The Sargol Company, 100-P. Herald Bldg., Birmingham, N. Y., today, and we will send you, absolutely free, a box of Sargol that will prove all we claim. Take one with every meal, and in ten minutes after you take the first concentrated tablet of this precious product it will commence to build its structure, and it has by actual demonstration often increased the weight at the rate of one pound a day. But, you say you want proof? Well, here you are. Here is the statement of those who have used Sargol, who have been continued—and who will swear to the virtue of this marvelous preparation:

**REV. GEORGE W. DAVIS says:**

"I have gained immensely since I took Sargol, for next, and must say it has brought to me new life and vigor. I have gained twenty pounds, and now weigh 175 pounds, and, what is better, I have gained the days of my boyhood. It has been the turning-point of my life. My health is now fine. I don't have to take any medicine at all and never want to again."

**MRS. A. J. RODENHEIMER writes:**

"I have gained immensely since I took Sargol, for it has made me feel like a new person. I began using it and now I weigh 120 pounds, so really this makes twenty-four pounds. I feel stronger and am looking better than ever before, and now I carry my cheeks,

which is something I could never say before. My friends who have been used to seeing me with a thin, lined face, say that I am looking better than they have ever seen me before, and father and mother are so pleased to think I have got to look as well and well as heavy. I say so."

**CLAY JOHNSON says:**

"Please send me another ten-day treatment. I am well pleased with Sargol. It has been the light of my life. I am getting back to my proper weight again. When I began to take Sargol I only weighed 115 pounds and now, four weeks later, I am weighing 155 pounds and feeling fine. I don't have that tired feeling every morning that I used to have. I feel good all the time. I want to put in about five pounds of flesh and that will be all I want."

**F. RABONN writes:**

"Here is my report about taking the Sargol treatment. I am a man 37 years of age and was all run down to the very bottom. I had to quit work, as I was so weak. I started on Sargol, I took like a new man. I gained 22 pounds with 23 days' treatment. I cannot tell you how happy I feel. All my doctors are getting too tight. My face has a good color and I never was as happy in my life."

**MRS. VERNIE ROUSE says:**

"Sargol is certainly the grandest treatment I ever used. It has helped me greatly. I could hardly eat anything and was not able to sit up three days out of a week, with stomach trouble. I took only two boxes of Sargol and can eat anything and I don't hurt now, and I have no more headache. My weight was 120 pounds and now I weigh 140 and feel better than I have in years. I am now as healthy as I want to be, and shall certainly recommend Sargol, for it does just exactly what you say it will do."

You may know some of these people or know somebody who knows them. We will send you their full address if you wish, so that you can find out all about Sargol and the wonders it has wrought. Probably you are now thinking whether all this can be true. Stop it! Write us a 5c package of the most wonderful tablet you have ever seen. foundation of our government. The two great parties will soon make their nominations. It occurs to yours truly that the republican, to win, should nominate a zealous advocate of such principles as will command the respect of the patriotic people and whose acts in regard to the genuine rule of the people would be suggestive of the beautiful words of Ruth: "Thy people shall be my people, and thy God my God."

As a tribute to one such man: Here's to the man with the warm, loyal heart, who never fails to espouse the people's part. He has bravely fought, and is still in the fight, for our country's honor and triumph of right.
